TERMS AND EXPLANATIONS.

The numbers on the different articles in Illustrated Catalogue correspond with those on Price List.

The width given of Bedsteads is the width between the side rails or the length of bed slats. The height given of Bedsteads is the highest part of the head end.

Changes, on articles shown in this Catalogue, may be made by us, should we think it desirable, either in style or trimmings, although not to differ greatly from design shown.

Parties ordering goods from us will please give full directions how, and on which railroad, they prefer to have their goods shipped.

All goods are shipped released on the different railroads at owner's risk, to reduce rates of freight.

Glass and Marble is shipped boxed, and charged for extra. Furniture is boxed only when ordered so, which will be charged for extra.

All of the better class finished furniture is burlaped when shipped, at a moderate charge, unless otherwise ordered. Burlaps if sent back on receipt of goods by Express, (not by freight) Express charges prepaid, will be credited at same price as charged.

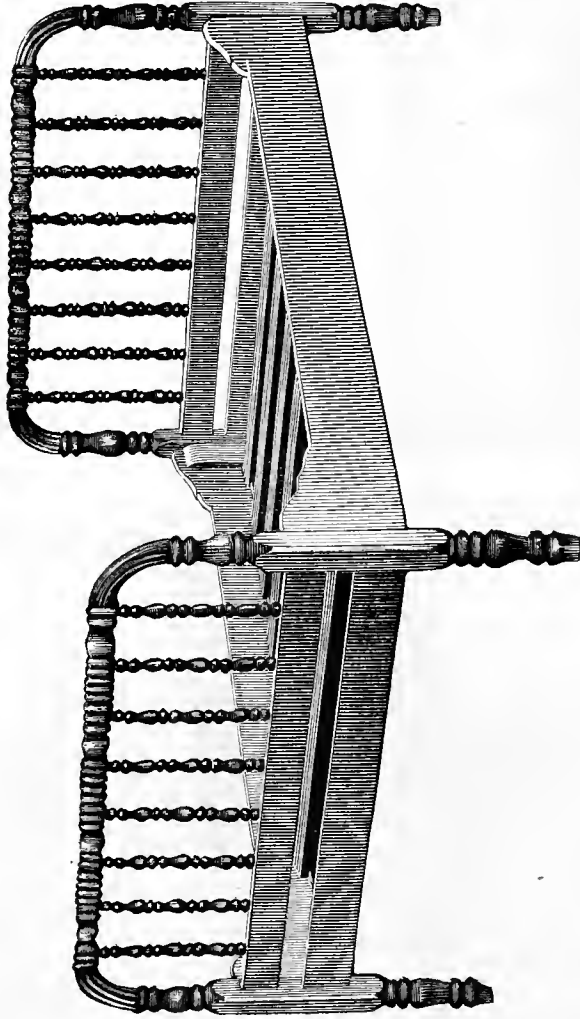

All claims for errors must be made immediately on receipt of goods.

Twelve cents off on Bedsteads without slats.

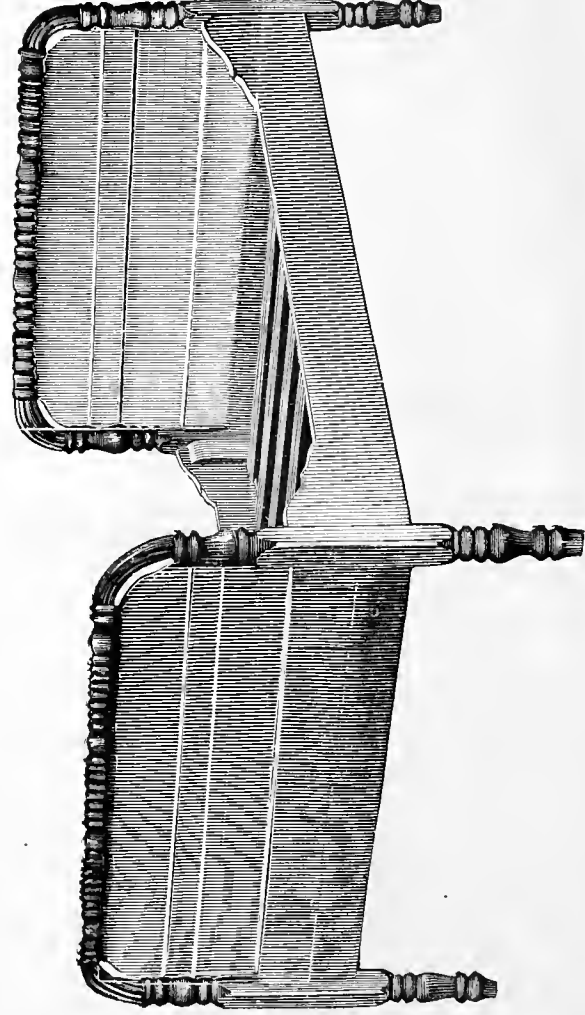

Fifty cents per load will be charged for delivering goods at the different depots in this city.

No agent is authorized to collect money for our house, and has no authority, excepting to sell at list prices. Orders by mail will be promptly attended to.
